

## QUALITY POLICY

**Talleres Andres Sillero, S.L.U.** We are a company specialized in the design and manufacture of metallic steel structures: trestles, containers and platforms.

The management is committed to comply with this Quality Policy, acquiring a commitment with the requirements and needs of our customers.

This commitment is based on the following guidelines:

- Establishing and developing a Quality System with a commitment to ongoing improvement, according to the UNE-EN ISO 9001, UNE-EN 1090 standards, complying with the legal regulations for the execution of steel structures.
- Planning strategic goals with their targets and programs, providing the required resources, monitoring them through process indicators.
- Fulfilling all the requirements established by our customers, both the legal requirements in the field of quality that affect our products, as well as others that the organization subscribes with the interested parties.
- Serving the customers and interested parties, understanding their needs and expectations, providing improvements for their total satisfaction.
- Achieving a high competitiveness in our market based on the trust and loyalty of our customers.
- Controlling suppliers and/or subcontractors by evaluating them.
- Continuously training employees, improving their skills.
- Protecting the health and integrity of our workers, evaluating the risks to which they are exposed.
- Achieving the optimum economic return corresponding to the capital employed.

The Management of **Talleres Andrés Sillero, S.L.U.** is committed to review the Quality Policy, ensuring that all commitments are consistent with the objectives of the company, as well as with the expectations and needs of our customers and stakeholders.

The Management
